

May 31, 2002

TO: Executive Directors of Community Mental Health Services Programs
Executive Directors of Substance Abuse Coordinating Agencies

FROM: Patrick Barrie, Deputy Director
Health Programs Administration

Subject: HIPAA Codes for Mental Health and Substance Abuse Procedures

Enclosed you will find the list of procedure and revenue codes to be used when submitting HIPAA-compliant encounter data or Medicaid claims to MDCH for the period beginning October 1, 2002. Centers for Medicare and Medicaid Services (CMS) has not yet approved all the codes for mental health, developmental disabilities, and substance abuse services that states requested. There is no indication that the requested codes will be approved and available in time for implementation beginning October 1, 2002. Therefore the enclosed procedure and revenue codes are a mix of CPT (Current Procedural Terminology), HCPCS (Health Care Financing Administration Common Procedure Coding System) including new national codes approved by CMS, and Michigan's local codes ("Z" codes) assigned to those services that do not yet have national codes. The codes will be used for encounters and claims on the Health Care Claim ASCX12N 837 version 4010 (professional, institutional, and dental).

The local codes will be used for one year: from October 1, 2002 to September 30, 2003. Because the local codes are not HIPAA-compliant, all entities that electronically transmit health care information using these codes will need to request from CMS a one-year extension of compliance with HIPAA until October 1, 2003. The form to submit your compliance plan is at cms.hhs.gov/hipaa/hipss2/ascaform.asp. The entities include providers who bill the CMHSPs and CAs, affiliates who transmit data to the Pre-paid Health Plans (PHPs) for subsequent data submission to MDCH, and CMHSPs and CAs who bill third party payers and Medicaid (for the Children's Waiver), or submit encounter data.

The enclosed document is a crosswalk between existing services and their current field names used for reporting service use data. Note that for some services the unit type changes with the conversion to CPT and HCPCS codes. Revenue codes are used for institutional/inpatient and residential programs, and procedure codes are used for all other services. Typically the 837/4010 professional format takes the procedure codes, and 837/4010 institutional format takes the revenue codes.

Additional information about HIPAA compliance and MDCH's assistance to the mental health and substance abuse service systems in achieving compliance will be issued soon.

If you have questions about the enclosed crosswalk, please contact John Kowalski at kowalski@michigan.gov. General questions about HIPAA transaction standards compliance may be directed to Kathy Grissom at grissomk@michigan.gov.

Enclosure

REVISION 2 DETAILS

CROSS WALK BETWEEN SERVICE USE/ENCOUNTERS PER CONSUMER EFFECTIVE 10/01/2002 – 09/30/2003

Revision 2 (06/26/2002)

Revision 2 (06/26/2002) incorporates the following changes to the revision 1 crosswalk:

Page 1 – Reporting procedure/revenue code description column and reporting procedure/revenue code units column for #6 Crisis Residential category split into separate cells for ease of reading.

Page 5 – Community Living Support Staff category: Local procedure codes Z9073 (Personal Assistance) and Z9062 (Homemaker Services) were deleted because they are no longer distinct services.

Page 6 – Skill Building Assistance – All Other category: Reporting procedure/revenue code descriptions for local procedure codes Z9093 (Day Program Type C, Out of Home) and Z9094 (Day Program Type C, In Home) were changed to Skill Building Assistance, Out of Home and Skill Building Assistance, In Home; to be consistent with current Medicaid policy.

Local procedure code Z9074 (Skill Building Assistance) was deleted because this services is now included in the redefined local procedure codes Z9093 and Z9094.
